OUR MISSION

We aim to Engage , Inspire and Challenge our students to 'Learn, Grow & Become' leaders of distinction, committed to a spirit of honesty & integrity, molded into well-rounded personalities and empowered to face the competitive global world through a team of qualified, dedicated and caring teachers.

SIS provides holistic education to students encompassing different spheres of learning that helps them nurture the leader within. Every Student is encouraged to think and share, be independent and confident , responsible and be a sound decision maker. Somila International School benefits your child to be inimitable and script their own story.

OUR VISION

To provide affordable and stress-free education for future children from all backgrounds to serve a Meritocratic India and inspire them to be ethical global citizens in a conducive teaching and learning ambiance through our community as a non-profit & self-sustained institution. We are a school that celebrates and recognizes creativity and independent thinking in each child and helps them to unravel their innate talent to make education meaningful. We motivate students to meet global changes with confidence, encouraging to become lifelong learners, always striving to innovate. We foster responsible and committed students of character and positive attitude to become decision makers and confident communication.

The Curriculum & Methodology

At SIS, we follow the latest and ultra modern pedagogy that focuses on Child Centric Education. To implement this, we reinforce learning by creating a healthy ambience that is perfected by personal attention according to different learning requirements. We believe in 'Experiential Learning' method wherein, the students are taught in the well equipped classrooms with audio and visual aids as well as a smart board, interactive boards with modern digital content tailored to suit their requirements.
